

TRAUMA CENTER DESTINATION

SETTRAC QUESTIONNAIRE FOR EMS PROVIDERS

A goal of our trauma system is to maximize the efficient use of our regional trauma care resources. You have just transported an injured patient to a Level I trauma center. Please indicate your primary reason for choosing a Level I trauma center instead of a Level III center.

Choose one of the following as the primary reason:

- Patients injuries and transport time met SETTRAC criteria for transport to a Level I trauma center.
- Patient did NOT meet Level I center criteria, but I FELT IT WAS BETTER for the patient.
- Patient did NOT meet Level I criteria, but I AM NOT CONFIDENT IN LEVEL III CENTER'S ABILITY to care for this patient.
- Patient did NOT meet Level I criteria, but the Level III center was on DIVERSION.
- Patient did NOT meet Level I criteria, but THE STAFF AT THE LEVEL III HAVE INSTRUCTED ME to bring this type of patient to a Level I center.
- Patient did NOT meet Level I criteria, but the Level I was CLOSER than the Level III.
- OTHER _____
